Continuing Education Application for Texas Public Education Grant (TPEG/CE)

Texas Public Education Grants may be awarded for tuition and fees for Coordinating Board approved courses only.

Applicants must complete the Free Application for Federal Student Aid (FAFSA) prior to turning in the Continuing Education/Texas Public Education Grant Application. The FAFSA requires about a month to process. Applicants will receive a Student Aid Report from the federal processor. This report determines the student's eligibility.

It is recommended that the completed application packet be submitted to Financial Aid Services four (4) working weeks prior to the beginning of the date of your class. **Applications submitted after this date will be reviewed subject to the availability of funds.** There is no assurance that processing may be completed in time to have approved grant funds prior to the beginning of your class. Due to limited resources, priority will be given to those students who submitted an application before the preferred processing period. **No application will be processed after classes have begun.**
