Introductory Statement

There are no Unit Plans or Unit goals on file for Career Planning and Placement for 1999-2000.

Relatively speaking, the Service Unit did not have a director until the summer of 1999. Start-up activities began at that time. With the hiring of the Career Services Advisor in January 2000, the Office began rebuilding day to day functions, providing career development and job search seminars, workshops, class presentations and events to service unit clientele.

1. Unit: Career Planning & Placement Office (CP&P)	2. Division: Student Development
3. College Mission Addressed: To provide students with opportunities for economic independence and to prepare for job entry, occupational advancement, and career development.	
4. Unit Purpose: To provide career planning & placement services to enrolled and former students.	
5. Link to Strategic Plan: Goal # B Objective # B.2	6. Proposed completion date: May 2001
7. Link to Unit Goal # 2 OR Student Learning Objective #	
8. Expected Results: A 10% increase in student usage and access of services, by utilizing the CP&P website.	
9. Strategies (Activities) Completed: The CP&P website was completed by September 2001 and was available for student use.	
10. Assessment Procedures Used: The feedback received from students on the feedback section and number of hits indicated on the hit counter of the CP&P website were used to assess the expected results.	
11. Status: <input type="checkbox"/> No progress <input type="checkbox"/> Limited progress <input type="checkbox"/> Limited progress due to budget restraints <input type="checkbox"/> In progress <input type="checkbox"/> On going <input type="checkbox"/> Near completion <input checked="" type="checkbox"/> Completed	12. Results of Assessment: The website counter indicated that during the Fall and Spring 2000-2001 semesters, there were 3,775 hits. In 1999-2001, 2,722 students accessed CP&P services. The 3,775 indicates more than a 10% increase in student usage and access of services using the website. Feedback from the website was overall positive. Some indicated it was difficult identifying job opportunities section.
13. Use of Assessment Findings: Working with the DMC Internet Specialist, the process for job opportunities section was evaluated. Wording was changed which helped students identify this section easier. Students are being encouraged to use the website if they are unable to come on campus to view job listing and for other services (resume assistance, job search preparation, etc.).

Career Planning and Placement Service Unit Evaluation

Our Office consistently surveys Del Mar College students to determine their "Satisfaction" level of Career Planning and Placement Office sponsored events. Students who attend Career Fairs, Welcome to Campus events, and Job Preparation Workshops are asked to complete instruments which measure the effectiveness of the event content. Those results show that 74% of the respondents indicated "Strongly Agree or Agree" they were satisfied with the content of the event. Results of the Job Preparation Workshops survey revealed 87% of the students found the information helpful in their job search.

In the Fall of 2002 we conducted a survey for "Student Satisfaction" of Career Planning & Placement Office services. The results of those surveys showed 92% of the students found the Career Planning and Placement Office staff friendly and helpful and 84% of the students "Strongly Agree or Agree that they received "Job Search Assistance Needed."

The Career Planning and Placement Office conducts surveys of employers who attend Office sponsored Career Fairs. The results of these surveys assist the Career Planning and Placement staff in planning future Career Fairs.

At the present time we do not conduct a Services Survey among the employer clientele who list job openings through the Office's Job Listing Service. In the future the Career Planning and Placement Office will conduct additional Employer Surveys, which will be designed to inform staff of the employer's satisfaction with the Job Listing Service.

Did the Career Fair meet your expectations? If no, why not?

Comments:

The fair was missing employers from other areas..ie..Calallen, Flour Bluff, etc.
 Only one met my expectation and it was the Omni Hotel
 Should have more Industrial Companies.
 No refineries were here.
 Excellent event!

The staffing of the Career Planning and Placement office is not adequate to meet the demands of service unit clientele. Presently, the Office needs a full-time director, at the very least an assistant director to supervise day to day functions of service unit offices located on East and West campuses. One (1) full-time clerical position is needed to meet the demands of clientele on the West campus. Currently, one APT staff person is in the East campus office three fifths of the time and in the West campus office two fifths of the time. This division of time is not adequate to meet the current needs of service unit clientele for day to day functions on the West campus Office.

With the proposed relocation of Health Sciences to West campus, one (1) full-time APT position and an additional full-time clerical position will be needed to meet the demand for day to day functions due to the increased number of clientele at that time.
