Core Curriculum and Related Exemplary Educational Objectives

CHECK MARK OPTIONS: You may check a field by either clicking once on <spacebar>, or <enter>, or by using mouse.

Core Component: NATURAL SCIENCES

Exemplary Educational Objectives:

1. To understand and apply method and appropriate technology to the study of natural sciences.
2. To recognize scientific and quantitative methods and the differences between these approaches and other methods of inquiry and to communicate findings, analyses, and interpretation both orally and in writing.
3. To identify and recognize the differences among competing scientific theories.
4. To demonstrate knowledge of the major issues and problems facing modern science, including issues that touch upon ethics, values, and public policies.
5. To demonstrate knowledge of the interdependence of science and technology and their influence on, and the contribution to, modern culture.
