

Welcome Letter

Dear Prospective Student:

Thank you for your interest in the Diesel Applied Technology program at Del Mar College in Corpus Christi TX. Delmar College's Diesel program offers a certificate in Diesel Engine Specialist and Diesel System Specialist and also an Associate of Applied Science Degree. Del Mar College's diesel program can help you achieve your educational goals.

Please consider visiting Del Mar College and the Diesel Applied Technology program. This will allow you a first-hand look at our new campus and also you will be able to tour our labs, classrooms and also to see some of the state of the art equipment that we have. You can also find out about admissions, financial aid and all of the student services we have to offer.

Del Mar College can be of great assistance in meeting your educational needs for the future. I look forward to meeting with you soon.

Pete Carpentier JR
