# Does your Business need a Website?

A workshop performed in a computer lab

Get your business online by building your own website. In this hands-on workshop you will build and launch a professional-looking website. Upon completion of the workshop your new website will be live!

**It's Easy** – Whether you're a seasoned website builder or you've never tried to create a web page before, you can create your own website so when people search Google and other search engines, they can find you.

## **Customize it** –

- Quickly add your domain name.
- Pick from 2,000 professional designed websites complete with relevant pages, graphics and navigation tools.
- Drop in your own graphics, or choose from a library of 250,000 images.
- Easily add your own logo or just type in your business name.
- Edit text, colors, images, fonts and links.

## **Show the World!**

We will give you everything you need to create your own website yourself. No programming or HTML skills are needed.

## **Benefits**

- A full-function website with five separate pages
- Your website free for 30 days, and then as low as \$4.99 per month if you decide to keep it
- Toll-free technical support

**Prerequisite:** Computer & Internet Literate
