This seminar is designed for new and existing small business owners wanting to learn the basics of, as well as, the importance of personal financial statements and credit reports. Personal financials and credit history impact both personal and small business lending decisions. For this reason, checking and reviewing your financial status and credit report periodically is essential to the success of your business.

Topics will include:

- What are and why are financial statements essential business practices
- Understanding the components of a Balance Sheet, Cash Flow, and Income Statement
- Your Credit Report & Credit Scoring
- Rebuilding poor credit
