ATI TEAS Guidance Document**

All Del Mar College Department of Nurse Education (DNE) student applicants are required to pass the ATI Test of Essential Academic Skills (ATI TEAS) as a condition of admission. The ATI TEAS must be completed prior to submission of an application to the nursing program.

I. About the ATI TEAS

The ATI TEAS test was developed by ATI Nursing Education for health science schools to evaluate academic preparedness of prospective students. The objectives assessed are those that health science educators deemed most appropriate and relevant to measure entry-level skills and abilities of health science program applicants. The objectives cover four academic content areas: Reading, Mathematics, Science, and English & Language Usage.

The ATI TEAS test is composed of 170 questions with a total time limit of 209 minutes. The questions are four-option, multiple-choice questions. The table below provides the number of questions and time limits for each content area of the ATI TEAS.

Content Area	Number of Questions	Time Limit
I. Reading	53	64 minutes
II. Mathematics	36	54 minutes
III. Science	53	63 minutes
IV. English and Language Usage	28	28 minutes
TOTAL	170	209 minutes

The ATI TEAS is a registered test of ATI Testing and is not affiliated with Del Mar College. TEAS results are calculated and distributed by ATI.

VII. Minimum ATI TEAS Scores Required for Admission

To be eligible to apply to the nursing program, students must achieve the following scores shown on their ATI TEAS Individual Performance Profile report:

Academic Preparedness Level	Proficient, Advanced or Exemplary
Reading	68.1%
Science	48.9%

Although minimum individual content area scores for Math or English are not required, students must do their best in these content areas as these scores are calculated into the Total Score.

VIII. Retaking the ATI TEAS

Students who do not meet the required minimum scores or who wish to raise their scores may retake the test up to 3 additional times during an ATI TEAS annual test cycle (September 1st – August 31st). Students opting to retake the ATI TEAS must retake the entire test in each attempt. Scores from different ATI TEAS tests cannot be combined.

Please note that DNE uses the most recent test scores for admission purposes. Students who pass the ATI TEAS but choose to retake it to raise their scores assume the risk of not passing a subsequent attempt. If this occurs, the student must retake the test again to reach minimum scores.

There is a mandatory 4-week (28 days) waiting period between each attempt at the ATI TEAS regardless of where a previous test was administered. The 4-week waiting period also applies to students who choose to utilize remote or third-party test locations.

Students who fail to meet the required minimum content area scores in four (4) attempts before the end of a testing cycle (August 31st) must wait until a new cycle begins (September 1st) before testing again.

IX. ATI TEAS Expiration

Students have 18 months from the date they pass the ATI TEAS test to submit an application to the DNE nursing program. After 18 months, ATI TEAS scores will expire and students must retake the test prior to applying to the nursing program.

X. ATI TEAS Bonus Points for Admission

Students may earn up to ten (10) ATI TEAS Bonus Points toward their Total Admission Points based on their **TOTAL** performance as shown on their ATI TEAS Individual Performance Profile. Points that can be earned are as follows:

<u>Academic Preparedness Level</u>	<u>Points Earned</u>
Advanced	5
Exemplary	10
